The FIM and Dorna WSBK Organization (DWO) have announced updated rev limits in the MOTUL FIM Superbike World Championship category, starting from this weekend's event at the Prosecco DOC Catalunya Round.

After receiving the analysis of the relative performance of the machines over the first three rounds of the 2023 season, the maximum rev limit for Ducati will be decreased by 250 rpm - as per article 2.4.2.2-3\* of the regulations.

Also starting from this weekend, Kawasaki has elected to use 5 concession points to benefit from a 250 rpm rev limit increase as per article 2.4.3.3 of the regulations.

*\*The rev limit may be updated (according to Art. 2.4.2.3) at the end of every 3<sup>rd</sup> event provided at least 3 events remain in the season.*
